Page 5 1 PROCEEDINGS ***** 2. 3 THE COURT REPORTER: Please raise your right hand. 4 5 Do you solemnly swear or affirm that the testimony you're about to give in this cause is the 6 truth, the whole truth, and nothing but the truth? THE WITNESS: I do. 8 9 THEREUPON 10 CAROLYN DELORES DONALDSON 11 was called as a witness and, having first been duly 12 sworn, testified as follows: 13 THE COURT REPORTER: Thank you. 14 DIRECT EXAMINATION 15 BY MR. LEVESQUE: 16 Good afternoon, Ms. Donaldson. My name is 17 George Levesque. I represent GrayRobinson and -- I'm 18 sorry. I'm with GrayRobinson and I represent the City 19 of Miami. 20 MR. LEVESQUE: Before we go on, I'll ask if 21 counsel present can identify themselves. 2.2 MR. MERKEN: Good afternoon. Christopher 23 Merken, from Dechert LLP, on behalf of Ms. Donaldson and the plaintiffs. 24 25 MS. MCNAMARA: Caroline McNamara from the ACLU

Page 6 of Florida on behalf of Ms. Donaldson and the 1 2. plaintiffs. 3 BY MR. LEVESQUE: Can you please state your full name for the 4 Q. 5 record. Carolyn Donaldson. 6 Α. 7 And do you have a middle name? Ο. 8 Α. Delores. And have you ever been deposed before? Q. 10 Α. Yes. 11 Okay. How many times? Ο. 12 Gosh. Probably three or four. Α. 13 Ο. Three or four? 14 Okay. And what were those depositions -- what 15 was involved with those depositions? What was going on? 16 I was executive vice president for human 17 resources in both the medical device sector and the 18 pharmaceutical sector. So I was on behalf of the 19 organization. 20 Okay. And were those depositions connected 0. 21 with HR issues? 2.2 Α. HR. Employee-related matters, yeah. 23 Okay. Well, since you do have some experience, Ο. I'll still go over some of the ground rules, but it's 24 2.5 probably going to sound pretty similar to what they did

before.

Obviously, this is an oral conversation that we're having. Everything that we're saying is being transcribed by the court reporter. I tend to talk softly and lowly, so I'm going to try to talk slower and loud -- more loud so you can hear me. If you could do the same.

At different times, particularly in a normal conversation, you might understand where I'm going and you might start to answer my question even before I get there. What I'd ask is, to make it easier for the court reporter, to take down two people that are talking at the same time, it gets really challenging. When three people get going, it's near impossible. So let me finish my question, and then you can answer the question.

At different times, as we're sitting in a normal conversation, headshakes, head nods, those types of things, you'll understand -- I understand what you mean, but for taking down a transcription, head nods and headshakes are a little more difficult to transcribe.

So I might at different times say, "Is that a 'yes'?" I'm not doing it to be rude. I'm doing it to make sure that we have a good transcription of our conversation so there's no ambiguity as to -- if I asked

you a yes-or-no question and you said, "Yes," you've got a "yes" on the record. And I think that helps you and helps me as well.

At different times your counsel may object.

Let him go ahead, get his objection out, and then I

might ask you -- unless he instructs you not to answer,

I might ask you to go ahead and answer the question, or

I might have a colloquy with your counsel. If that's

the case, you know, we'll kind of figure out how things

go. But the big thing is if he starts to object, kind

of let him get his objection on the record, and then

we'll kind of take it from there.

Are you on any medication that would impair your ability to testify truthfully today?

A. No.

What are some of the types of meetings that you participated in related to this litigation?

- A. With the NAACP, at the start of the discussions around redistricting, I was the housing chair at that time for the NAACP. And so I made notes in informing them of the fact that we had become aware of a redistricting concern with the City of Miami for the South Dade branch.
- Q. Do you recall approximately what time or when on the calendar that might have been?
- A. Late December or early January of 2022.

 Probably early January of 2022 because I -- I don't recall, but I may have become aware of the redistricting concern December of 2021.
- Q. So the time period -- just so I'm clear -- would be December 2021 or January 2022?
 - A. '2, yes.
- Q. And what was the concern about housing that came to your attention with redistricting?
- A. Well, it wasn't a concern about housing per se.

 As the housing chair representing also Coconut Grove, as a part of my update to the executive committee, I mentioned that a -- that we had met at city hall and became aware of a redistricting concern. So it was part

Page 14 of my standard housing chair update report. 1 Ο. Okay. Because it was an incident in Coconut Grove. 3 Α. And you were a member -- you were the housing 4 0. 5 chair for the South Dade branch of the NAACP; correct? 6 Α. Yes. 7 Did you have any role or title with GRACE at Ο. that time? 8 Α. Yes. Vice-chair for GRACE. 10 So when you were talking about updating the Ο. 11 executive committee, you were referring to the executive 12 committee for the South Dade NAACP? 13 Α. For the South Dade NAACP, yes. Did you provide any updates or provide similar 14 Ο. 15 feedback or reporting to GRACE at any time? 16 Yes, I did. Α. 17 Okay. And that would have been -- been Q. provided back to the seven other GRACE board members; 18 19 correct? 20 Α. It would have been? 21 Provided to the seven other GRACE board Ο. 2.2 members? 23 Α. Yes. 2.4 Ο. Were there other members in GRACE that you 25 provided those updates to?

Page 15 Primarily, the GRACE board members. 1 Α. O. Ms. Donaldson, where were you born? Cairo, Georgia. 3 Α. Cairo? 4 Ο. 5 I'm from Tallahassee. 6 Α. Oh. 7 My mom's from Moultrie. So I'm familiar with Ο. the area. 8 Α. Okay. 10 And when did you move to Miami? Ο. 11 1955. Α. 12 I think that's long enough to consider yourself Q. 13 a native. 14 Yes. I just celebrated 70 years, so --Α. 15 Ο. Congratulations. I hope I age half as well as 16 you and Ms. Cooper. Right now I'm not off to a good 17 start. 18 Have you lived here continuously since 1955? 19 I consider it continuously, but I have to Α. 20 define that because working in pharmaceuticals and 21 medical devices, we travel quite a bit. So I never gave 2.2 up my home here even though I had residence in other 23 cities throughout that time. 24 Understood. Ο. 2.5 Miami was always your primary residence?

Page 16 Miami -- always. 1 Α. 2. O. And have you been a registered voter since 3 moving down? 17 years old. 4 Α. 5 And where do you presently live? Ο. In Miami Lakes. 6 Α. And what city district is that in? Q. Miami Lakes is Miami Lakes. It's incorporated. 8 Α. 9 Okay. So it's not actually within the city Q. 10 limits? 11 No, it's not within the city limits. Α. 12 Okay. So you're not a resident of the city? Q. 13 Α. Not of the city of Miami, no. Now, for the NAACP, do they keep a list of 14 Ο. their members? 15 16 Only at national. Α. 17 Only at national? Q. 18 Α. Uh-huh. 19 Do you know if anybody that is a part of the 20 South Dade-Miami NAACP chapter, do you know if anybody 21 from that part of the organization did an analysis to 2.2 figure out where some of its members live, whether they 23 live in District 2, 4, 3, or any of the other districts? 24 Α. Not to my knowledge. 2.5 Q. And as the corporate representative, can you

- tell me which districts your members reside in, in terms of the city of Miami?
- A. The South Dade chapter's memberships start at Flagler Street and areas south of Flagler Street, which would encompass Districts 2, 3, and 4 of Miami.
- Q. So you don't have any members, to the best of your knowledge, in District 5?
 - A. Not unless they've moved.
- Q. And to the best of your knowledge, would it be the same answer for District 1?
 - A. Yes.

- Q. And what is the mission of the South Dade NAACP?
- A. Our primary mission is really ensuring that -that individuals -- we look at really their rights
 within the city, making certain that there are no levels
 of discrimination that they are experiencing, and, if
 so, how we might be able to lend assistance to them in
 those areas. And that could be Blacks or any
 individuals of color.
- Q. And when you say "Blacks or any individuals of color," would that also include --

- Q. Understood. Thank you for that clarification.
 Would it also include Hispanics?
- A. It could.
- Q. And would that be a Hispanic that identifies as both Hispanic and islander or Hispanic and Black?
 - A. They -- they could.
 - 0. Okay.
- A. We have individuals that take on two, three designations. So we don't discriminate against them. If they tell us whatever category they're -- they are qualifying by, it's accepted by us.
- Q. And what is the type of assistance that you provide?
- A. In my case, I primarily looked at housing discrimination that may have taken place; i.e., a person couldn't rent a place because of their color or they felt that they were being disproportionately targeted in a particular community, things along those lines. They would bring those types of issues.
- Q. Outside of the housing context, what are the other types of assistance that the NAACP --
 - A. It could have been --
 - Q. -- South Dade chapter would provide?
 - A. South Dade, it could have been age, gender --

any form of a disability they -- that they may have had.

All of the major categories that you would typically see
lines of discrimination that might occur.

- Q. Okay. And I appreciate the breadth of the problems that you're attempting to address. What I'm trying to drill more down on is what is the assistance that's being provided? Are you making phone calls to landlords? Are you hiring attorneys? Are you providing other types of social services to facilitate them in their time of need? I guess, what does --
- A. And it is -- and it is all of the above. It's all of the above because we have at least 13 different community -- committees that address all of the various issues that a person might realize living here in South Florida, because other markets can be different. And we look to address their concerns. And people bring all sorts of concerns to us.
- Q. You mentioned 13 different committees. Are those 13 different committees within the South Dade NAACP?
- A. The 13 committees are within the NAACP. Right offhand, I could think of four or five, but I know that we have a lot more than that within the chapter.
 - Q. Okay.
 - A. That gets addressed by individuals, whether

Veterans. There's a group that works with veterans, and the veterans are split because female veterans have experienced some other challenges that are different. So then we have our women's network that deals with battered women and their particular concerns.

Discrimination within employer -employer-related discrimination, and that can fall into
a whole host of categories that a person might -- might
experience.

- Q. You mentioned that the assistance that's provided could, like, be all of the above. Does the NAACP have attorneys that would provide those services, or would you hire an attorney or would you refer a person to an attorney?
- A. Well, we're all volunteers, and we do have an attorney on staff that's a volunteer. National has a legal group that we can refer legal issues to.
- Q. And I'm probably getting ahead of myself here. Can you describe for me the relationship that the South Dade NAACP has to the national organization.

- A. We're a chartered chapter. And, actually, rechartered chapter because previously all of Miami-Dade County was chartered and combined. And in 2019, South Dade rechartered with national. And that's splitting the county up.
- Q. Okay. And is the South Dade NAACP a separate legal entity from the national chapter -- or the national organization?
- A. I don't know, legally. Yeah. I mean, when you say "a separate legal entity" -- I don't know. I don't know. I can't really answer. I can't really answer that question. I just know that we are a chapter under the national organization representing South Dade, which are residents south of -- south of Flagler, and we have a North Dade branch.
- Q. And how does one become chartered as a chapter for the NAACP -- the national organization?
- A. Well, there's -- well, I'm sure there was extensive paperwork that needed to be filed. I was not a part of the team that worked on getting the chapter chartered.
- Q. Okay. Did you speak to anyone about how a chapter becomes chartered under the national organization?

Basically, verifying my notes to what would have been my conversations with him and action steps that we took to confirm that nothing else took place outside of the things that I had referenced to them as a chapter, since I was the primary conduit on this matter.

- Q. And what did you speak with Ms. Malcolm about in preparation for your deposition as the corporate representative?
- A. Oh, I spoke to Merline because I was trying to confirm where we might have members located within various districts.
- Q. And do you know if she looked at a list to try to identify where various members might be located?
- A. The information's not available to us. It's only at a national level.
- Q. Do you know if anyone contacted the national organization to try to assess whether your members live in Districts 2, 3, and 4 and if they might also reside in Districts 1 or 5?
- A. Her feedback to me was that national said that information is not available.
 - Q. Okay.

- A. Membership information is confidential.
- Q. If one was looking to verify where your members live, is there any way to do that?
 - A. Not really. Unless you personally know someone living within a particular district. Like, in my case, I do know of people that live in District 2.
 - Q. Okay.

 District 4.
- Q. And you say "possibly in District 4." Why "possibly" versus "I know they live in District 4"?
- A. Because I don't always know where people live. So as we sometimes make assumptions that a person lives in a particular area.
- Q. Okay. Do you know for certainty any people that live in District 3?
 - A. Not for certain.
- Q. Okay. And what about for certain for District 4?
- 21 A. Unless they moved.
- Q. When was the last time you had contact with them?
- A. It's -- it's been a -- it's been a while. It's been a while.

- Q. Okay. For comparison, "a while" might mean different things to different people. If I tell my son, "It's going to be a while," he's 14, that could be five minutes or it could be two days.

- A. This year.
- Q. Okay.
- A. Yeah, this year.
- Q. Now, you mentioned that the South Dade chapter rechartered in 2019. Do you know why they rechartered?
- A. Yes. We had a lot of discussion about the distance between membership, which goes down as far as the Upper Keys, and trying to get to membership meetings in North Dade. Traffic patterns. People's work schedules. Just a whole host of things that made it quite difficult to accommodate the members in South Dade.
- Q. And so prior to 2019, if I understood correctly -- well, let me back up.
- Prior to 2019, for the Miami-Dade chapter of NAACP, where were those meetings held?
 - A. Various locations. Miami Gardens, Liberty

City, Overtown. They were north.

- Q. Were there any meetings that were held in the south part of Miami Dade?
 - A. Not that I recall.
- Q. Would it be fair to say, then, that the rechartering of the South Dade chapter was really intended to address the geographic difficulties of having an organization that is sort of focused in the north for people who want to participate but are living in the south part of the county?
 - A. Yes, I would say that.
- Q. Were there any other reasons that factored into the decision to recharter in 2019?
- A. The issues in South Dade actually are quite different than the issues in North Dade.
 - O. And how are those issues different?
- A. The types of housing concerns in North versus South Dade are different. The access to resources in North Dade are more readily available than they are in South Dade. That would be two key ones that I can think of just because of logistically where they're located. They have access to resources that the South Dade population doesn't necessarily have access to.
- Q. When you talk about access to resources, what type of resources are you talking about?

- A. Okay. I'll just give an example of one because I had responsibility for housing. Housing For All, the organization, which is a nonprofit, is located in North Dade. Individuals in South Dade would have to travel up to North Dade to have access to those resources.
- Q. And I guess -- does Housing For All provide housing?
- A. I don't think they provide housing. I think they network in order to know where available housing is. Provide -- when you say "provide," it sounds to me like you're saying they build the housing. They --
- Q. Well, maybe -- let me kind of let you know where I'm confused.

I'm trying to figure out if somebody in South Dade needs to go up to North Dade to meet with Housing For All, what are they hoping to get out of it?

- A. Referrals. References. Data. Assistance.
- Q. Housing For All doesn't maintain an office or a presence in South Dade?
- A. They didn't previously. I don't know about today, but they didn't previously. But I'm not that familiar with them as an organization to say what they do or don't offer at this point in time. But previously they didn't. And transportation is a key issue from South Dade. Metrorail stops at Dadeland.

- A. Public transportation. Three to four buses on a full day. They get access. This is a huge issue.

 - A. Absolutely.

Q. So what I'm going to call -- and you can let me know if it's a fair characterization.

Support-type services for finding housing and public transportation are two of those resources that are more readily available in North Dade than they are in South Dade; is that fair?

- A. Yeah, I would say that's fair. Uh-huh.
- Q. Other than those two, are there other types of resources that are more readily available in North Dade than they are in South Dade?
- A. Probably. I'm not the expert on everything that's -- is and isn't available. I just gave those two. It's where I've been able to provide assistance to people.
 - Q. Are you currently employed?
 - A. I'm retired.
 - Q. And when did you retire?

Page 29 The first time, in 2006. And then again in 1 2012. 3 Okay. The first time, in 2006, what did you 0. retire from? 4 5 From a pharmaceutical company. Noven Pharmaceuticals. 6 7 Q. I'm sorry. Was that Novid? Noven. Noven, N-O-V-E-N. 8 Α. 9 And in 2012, where did you retire from? Q. 10 From Altegra Health, A-L-T-E-G-R-A. Altegra Α. 11 Health. 12 Q. And what did you do for Altegra Health? 13 Α. Revenue cycle management. 14 And after you left Noven Pharmaceuticals Ο. 15 in 2006, how long did you stay retired? 16 For about -- I've never felt retired. 17 relative. But -- but I did retire. So you're asking 18 what did I do? 19 Well, what I'm asking -- well, maybe a better Ο. 20 way to ask it is -- okay. You stopped working at Noven. 21 How long did you -- how long were you -- were you 2.2 unemployed, or how long before you jumped on with 23 Altegra? 24 I was consulting when I left Noven. Α.

Okay. And did you actually go in-house with

Q.

Altegra, or did you maintain your consultant status?

- A. I started as a consultant with Altegra and then I became staff. And revenue cycle management, our goal was to buy and sell companies and create a new revenue cycle management company. And once that was done, I left. Even though I had become full-time, I decided I didn't want to work. I wanted to be retired.
- Q. Okay. And I'm certainly not suggesting that since you retired you're not busy and active and doing lots of different things.

From an income-generating standpoint, are you currently employed anywhere or have you been employed anywhere since 2012?

- A. No, other than to take one-off consulting assignments.
 - Q. Okay.
- A. Which I don't even do that now because I have arthritis.
- Q. Okay. Do you collect a salary or anything from the NAACP?
 - A. No.

 - Q. How did you first become aware of this litigation?
 - A. I was at a commission meeting, and there was discussion of actions that were going to need to be taken as a result of the 2020 census.

 - Q. Okay. What do you recall being shared at that commission meeting?

 District 2 had too many residents and they would need to
 be evened out across the various districts.

- Q. Geographically, in terms of District 2's situation in relation to the rest of the districts, where is District 2 located?

 - A. Correct.
- Q. What's your understanding of how overpopulated District 2 was?
- A. I don't know specific -- I don't recall specific numbers, even though I do remember numbers being mentioned. But I know it was overpopulated.
- Q. And what was your understanding of what the City needed to do to fix that overpopulation?
- A. Adjust the numbers within District 2 so that they were more even -- evenly dispersed.
- Q. And how would they go about adjusting those numbers? And I'm not meaning these to be sort of trick questions. I just want to make sure, you know, we're sort of locking down -- some of these might be obvious

things that you're wondering, "Why is he asking me that?" But it's just mostly for the record.

So if they needed to adjust the numbers, how do they adjust the numbers for District 2?

- A. I don't know how they specifically needed to adjust the numbers, but generally to adjust numbers, you need to put some bodies into other districts.
- Q. And so the numbers that we're talking about -- the numbers are actually people --

- A. People that live in District 2 needed to be dispersed into other districts until the five districts were more evenly distributed.
- Q. And they would do that by moving the district lines to move people that were in District 2 into a nearby district; correct?
- A. Move district -- that could be a way of characterizing it, yes.
- Q. Okay. It's fair to say that they're not forcibly busing people from District 2 to District 4?
 - A. Exactly, yes. Yes.
- Q. And I think you indicated, if I'm correct, that you've resided in Miami-Dade since 1997 -- I'm sorry, since 1955?

Page 34 1 Α. Yes. O. Have you ever lived within the city limits? Yes. 3 Α. Okay. When did you live within the city 4 Q. 5 limits? And that's been the case ever since '73? 11 Α. Yes. 12 Q. Are you familiar with the effort in the 13 1996/'97 time frame where the city transitioned from 14 citywide districts to segmented city districts? 15 Α. Define -- I'm not sure what you mean by 16 "citywide districts." 17 A commissioner was elected citywide. Q. 18 didn't represent a particular geographic area within the 19 They -- everybody in the city voted on all of the 20 commissioners that would have been up for election at a 21 particular point in time. 2.2 Α. Yes, I do remember that. 2.3 Okay. Were you involved in that effort in any Ο. 24 way? 2.5 Α. No.

Page 35 (Defendant's Exhibit Number 24-83, 2022 Enacted 1 Plan, was marked for Identification.) 2. 3 BY MR. LEVESQUE: Ms. Donaldson, I am going to show you what 4 Ο. 5 we're going to mark as Defendant's Exhibit 24-83. 6 And I will stop talking for a moment. 7 And I'll represent to you that that is the 2022 enacted plan. The plan that the city commission passed 8 9 in March 2022. 10 Do you recognize that document? 11 Α. Yes. 12 Ο. And on behalf of the South Dade NAACP, what 13 were their concerns with how this map was drawn? 14 Α. Well, the way this map was drawn would indicate that the area that we call "West Grove" or the "Little 15 16 Bahamas of Coconut Grove" would be split into several 17 fractions. 18 And the area of the West Grove you're talking Ο. 19 about, is that that little triangle right there? 20 Α. The West Grove could come out a little further 21 than that, but it's inclusive of that, yes. 2.2 Ο. And when you say "could come out a little bit 23 further of that, " you mean on the other side of US 1 and 2.4 the railroad tracks there to encompass that area?

Not on the other side of US 1.

2.5

Α.

Page 36 Okay. 1 Q. Α. No. 3 All right. So when you say "the other side" --Q. Where the cone is. Coming into The Grove area. 4 Α. 5 Can you --Ο. But if -- I don't know. Do you have one that 6 Α. 7 has streets? I don't. Because trying to do that for city --8 Ο. 9 city geography, it gets kind of cumbersome. 10 Α. Okay. 11 If I could ask if you could use the blue pen Ο. 12 and circle the area that you're talking about. 13 Α. Without streets, I would hate to circle an 14 area. 15 Q. Okay. 16 But if I see streets --Α. 17 Q. Okay. 18 I grew up in The Grove. Α. 19 Ο. Okay. 20 So when I see streets, I know what's considered Α. 21 The Grove for purposes of the Little Bahamas or West 2.2 Grove. 23 Okay. Well, let me suggest this. 0. 24 If I can reference that this is US 1 right 2.5 here.

Page 37 Oh, yeah. I know that's US 1. 1 2. O. So is anything that would be on the pink side of US 1 considered part of The Grove, in your mind? 3 Not for a very long time. 4 Α. 5 Okay. Ο. So not for a long time. It would be when I was 6 Α. 7 a kid. Okay. So then it's fair to say that at least 8 Ο. 9 the part of The Grove that you're referencing being 10 included in District 4 that was of primary concern was 11 in that little triangle? 12 Α. Correct. It's in that little triangle, yes. 13 That's a part of District 4, yes. 14 And so that's the part of District 4 that Ο. 15 breaks the US 1 boundary and goes down into District --16 what used to be District 2, that they're grabbing that 17 population and putting it in District 4; is that 18 correct? 19 That's correct. Α. 20 And can you circle that area that we're talking Q. 21 about for clarity on your --2.2 Α. You mean here? 23 Yes, ma'am. Ο. 24 Now, are there other objections that the South

Dade NAACP had to this plan?

2.5

- A. District 3, when you come to the -- see, you still don't have streets. We don't have streets here, but when we looked at this with streets there,

 District 3 came down across Bird Road, which also -- you have individuals living that are a part of West Grove in that area that's picking up the District 3 people.
- Q. And the area that you're referencing there is the little -- what we'll call the purple little "foot" --

- Q. Do you have any reason to question that as the reason why that foot was drawn there?

Page 39 1 there. Ο. You would agree that if they drew it to put his house there, there wasn't a racial motivation behind 3 that move; correct? 4 5 I wouldn't know that. Α. On behalf of the South Dade NAACP, do Ο. you believe that little foot was drawn with racial 19 20 motivations behind it? 21 As in NAACP, we didn't discuss it. Α. 2.2 Q. Okay. Uh-uh. 23 Α. 24 Ο. Okay. Page 40 1 Yes. Yes. Α. And at least -- well, at the time the 2022 map O. 3 was drawn, who was the representative for District 2? Α. I forget which is on which side. 11 12 Q. Okay. 13 Α. One or the other. 14 And so you at least know that Reyes and Carollo Ο. 15 were in Districts 4 or 3. Yes. 2.2 Was there a concern about having a Black Q. 23 community represented by a Hispanic commissioner? 2.4 Was there a concern about having a --Α. Black community, that area of The Grove -- the 2.5 Q.

West Grove in that triangle, represented by a Hispanic commissioner?

- A. The Black population losing their voice as a part of a much larger Hispanic population and in smaller clusters, because the whole population wasn't being moved. It was being split in three pieces, diminishing the voice of the individuals.
- Q. And the three pieces that you're referring to are --
- A. Three districts. A small population of people -- small pie being split into three pieces diminishes the voice of this population when they collectively came together.
- Q. When you refer to the West Grove geographically, what are you referring to?
 - A. West -- the population in West Grove?
 - Q. I'm just referring to geographically West

- Grove, like, what boundaries -- what areas of the broader Grove are you referring to? Or when you say "West Grove," do you really mean all of Coconut Grove?

 - A. The primary concern was West Grove.
- Q. And in that regard, the Black residents that are of concern to the South Dade NAACP primarily reside in the West Grove. They don't reside in, necessarily, the other parts of Coconut Grove; correct?
- A. No, they could reside in the other parts of Coconut Grove. The cluster was in West Grove. But, no, they could reside in other parts of Coconut Grove.
- Q. And I'm not suggesting that there's not Blacks living in different areas, but the cluster -- the main corpus of West Grove that was -- you know, that this

- Q. Fair to say that you were comfortable with the way the City was drawing District 5?

Coconut Grove between three districts they put it all in District 4 or all in District 3, would the South Dade NAACP have been fine with that?

 - A. I don't believe so.
 - O. And why not?
- A. I believe being moved into -- and I can't say that we've discussed this. So maybe, since I'm just a representative, I shouldn't voice my personal opinion as it relates to this particular situation, because I can't say that I'm representing the chapter because it has not been discussed at a chapter level. It would be my personal observation.
 - Q. Okay. Give me your personal observation.
- A. My personal observation is putting West Grove in any of those three districts diminishes the Black voice. Given we have five districts and three of them

are dominated by Hispanics, I just think it gives a -it gives less of an opportunity for rep- -- for
appropriate representation. But that's my personal
opinion.

Q. Well, let me ask about that. From your personal standpoint, you've got Coconut Grove that's kind of down there on the south part of the city, way apart or far from District 5. Do you think it should be connected with District 5 or -- there are only so many different places you can place Coconut Grove in a five-district map I guess is what I'm getting at.

And so what would your solution be to the issue that you just raised?

- A. I don't think that resolves the issue either because now you have a situation of just packing all Blacks into one district and not necessarily having a citywide -- necessarily a citywide vote voice for dispersion. So -- but, again, personal.
- Q. What is your understanding of the racial demographics for the Coconut Grove area?
- A. There's quite a bit of diminishment racially -- Black population has diminished significantly over the years from the time when I grew up here due to gentrification.
 - Q. And that's something that's been happening

Yes. 17 And in looking at District 2 in that area of Q. 18 the West Grove, you can see that that little triangle 19 that we spent some time talking about in the 2022 plan 20 has been removed from District 4 and put back into 21 District 2. 2.2 Would you agree with that? 23 Α. Yes. And that's one of the things that the South 24 Ο. Dade NAACP was pushing for; correct? 25

- Q. And proportionally speaking, that would be where the largest cluster of Black residents would live, would have been in that little triangle; correct?
- A. Well, as I said, not just within that little triangle, but south -- yeah. Okay.
 - Q. South of that triangle?
 - A. Uh-huh.
- Q. And so they were retained in District 2; correct?
 - A. Correct.
- Q. And there's still that little area that juts down and captures Natoma Manors like before.

Does the South Dade NAACP have a concern with that -- the way that particular aspect of District 3 and District 2 are drawn?

- A. I have not gone back to present this version of the map to the chapter, that I could say I'm, you know, expressing a collective voice or not.
- Q. So let me ask this: As you sit here on behalf of the South Dade NAACP, can you say one way or another whether the South Dade NAACP has an objection to that map, if you haven't discussed it with them?
- A. Oh, no. I didn't say whether they had an objection to the map. I haven't discussed it with them.

Q. Okay. Well, do they have -- I'm finding myself in a circular discussion that I'm trying to get off.

As the corporate representative, does the South Dade NAACP have an objection to the 23-271 map, the map that was passed in 2023?

- A. That's the map that I haven't discussed with them.
- Q. Okay. So you're unable to say one way or another whether they object to this map?
- A. I actually could not because I have not had that discussion with them.
- Q. Okay. What did the South Dade NAACP do to influence the City as part of its redistricting process as part of the 2020 census?
 - A. Specific to their support of West Grove?
 - Q. Either in support of the West Grove or broadly.
- A. Okay.

- A. Okay. So they did come out and voice their support of West Grove. A brief note was sent to Chair

King sort of putting her on notice that they would be monitoring the outcome and the process as we went through the redistricting considerations.

An additional note regarding their opinion as it relates to protecting the rights of citizens was sent to the full commission. They did attend the rally that we did at city hall, along with a commission meeting where additional correspondence was presented on behalf of the NAACP.

- Q. Do you recall which commission meetings that they presented at?

that the South Dade NAACP were involved with, including sending a brief note to Chair King, you were monitoring the outcome of the process.

Do you recall when that note was sent?

- A. Between late January, early February. Sometime within that time frame.
- Q. And would this have been, like, a letter signed by one of the board members?
- A. Yeah, it was signed by Brad, myself, and Dwight.
- Q. Did you personally have communications with any commissioners about the districting process?
- A. We had a town hall meeting that was put on by Ken Russell.
- Q. And did you speak with Commissioner Russell at that meeting?
 - A. I expressed my concerns.
- Q. Okay. And what were the concerns that you expressed to Commissioner Russell?
- A. That West Grove was being split. We were a strong voter bloc, and I had concerns that it was going to be diminishing our ability to be effective. And it will impact a number of things.

We had a CRA that at that time was in the works, and I felt that would potentially disappear, and

we wouldn't be able to be a collective voice on how that could be a financial engine for West Grove and the redevelopment process.

- Q. And how exactly would your voice potentially be diminished?
- A. Because it was the West Grove that was pushing for the CRA in order to fund redevelopment along Grand Avenue, and this was going to generate the funds to allow us to be able to do that.
- Q. I guess what I'm asking is I understand sort of what you were concerned about with losing your voice, that the CRA wouldn't reach its full realization, but you're a Black community in a district with an Asian as its commissioner, and you were concerned about being placed in a district with a Hispanic as its commissioner.

Can you explain to me what the -- the diminishment of your voice, if neither of those are members of the Black community, but certainly you would agree that they can be responsive to people that look different from them, can't they?

A. Oh, absolutely. Anybody can. But my experience had been with this particular commissioner, and I do believe that the numbers made a difference with how many of us could actually come out and vote and

2.2

voice our opinion. So splitting us up would mean we would have less of an opportunity to address those developmental issues, and we worked very hard to get to that point. So it was a concern.

- Q. When you say you had experience with a particular commissioner, which commissioner was that?
- A. District 2 commissioner. We had worked with our District 2 commissioner to get us to that point.
 - O. Uh-huh.

 - A. I've not discussed it with them.
- Q. Have you discussed anything related to the concerns that South Dade NAACP might have related to the current 2023 plan?
- MR. MERKEN: Objection. Asked and answered.
- 20 BY MR. LEVESOUE:
 - Q. If you can -- if you can answer.
 - A. Oh, but what am I -- what am I answering?
 - Q. I'm trying to figure out if -- you said that the 2023 plan hasn't been presented to your board.
 - A. Correct. That's correct.

- Q. So as we sit here today, then, if it hasn't been presented to the board, is it fair to say that at this point in time, the board doesn't have an objection to the 2023 plan?
- A. Oh, I can't say that because I don't know that. I don't know that to be a fact.
- Q. Well, if it hasn't been presented to the board, could they have formulated a position on something that hasn't been presented to them?
- A. What I can say is I have not presented it to the board and had that discussion. I don't know if someone else has presented it to them. I can only speak to what I have physically had a discussion on and gotten feedback on. And so for this particular plan, I've not done that. I've not had that discussion.

I did on this one. I didn't on this one.

- Q. Are you able to talk about the impacts that the 2023 plan has on the members of the South Dade NAACP?
- A. The impact that it has on the members of -well, I guess I can't relative to Districts 3 and 4
 because I don't actually know who they are or how it's
 impacted them with these changes. I guess my answer is,
 no, I can't.

2.

- A. I -- I don't know if there is an approval process, but I reviewed it and was representing the NAACP as I was the person delivering updates to the NAACP. So I would have felt that in representing them this map was being presented. And I definitely looked at it.
- Q. Okay. Do you recall if the board ever voted on this map?
- A. The board didn't specifically vote on the map. I gave them verbal updates to -- to directionally talk about the fact that we had drawn a map -- or we had provided input to the attorneys -- I don't actually know who draws the maps, in all honesty, but I had provided input on our desire to keep the communities together and particularly those communities that have been historically considered District 2.

So as a part of my discussion, when I talked about District 2, which is where the West Grove sits, I frequently talked about District 2 as a whole and specifically West Grove.

- Q. Okay. Did the South Dade NAACP board express any opinions about which neighborhoods should be kept intact and which neighborhoods it was acceptable to split?
 - A. No. We get -- we didn't get to that level of

specifics.

- Q. Did you get to the level of specifics that Coconut Grove needed to be kept whole?
- A. Yes. But I'm saying verbal. Not that I gave them a map. But verbal, yes.
- Q. Did you get to the specifics that Flagami needed to be united, that area in the western part of the city needed to be united in one district?
- A. How I phrased it to the board was in any iteration of the maps, our goal was to keep as many communities whole while also addressing the anomaly of the number of folks that needed to be redrawn based upon the redistricting. That's the way I -- that's the way I typically phrased it.
- Q. Are you aware of anyone that testified before the city commission that Flagami needed to be united the way that plaintiffs united it here in Map 1?
 - A. I -- I don't specifically remember it.
- Q. Are you aware that Flagami has been split between District 1 and District 4 since the districts were first drawn in 1997?
 - A. No, I didn't know that. Uh-uh.
- Q. If the residents of Flagami are not complaining about being split between two districts, do you think it's justifiable to pack them all into a single

Page 59 district? 1 MR. MERKEN: Objection. Speculation. 3 MR. LEVESQUE: It's not speculation. asking for her opinion. 4 5 THE WITNESS: I can't specifically say that Flagami didn't say that they wanted to be together. 6 We were approached during this process by several communities and their associations. Once they 8 9 understood that our goal was to try and put as many 10 communities -- keep as many communities whole as we 11 possibly could. So I -- I couldn't say to you that 12 they are not one of the communities that reached out 13 to us. 14 BY MR. LEVESOUE: 15 Ο. Can you identify any of those communities? 16 A. That reached out to us? 17 Yes, ma'am. Q. 18 A community -- Biscayne. Biscayne, which Α. probably is somewhere up in this district. 19 20 And I'm sorry to interrupt. Q. 21 When you say "this district," which district 2.2 are you referring to? 23 For Biscayne? See, I don't -- I believe Α. 24 Biscayne was previously part of District 2, and they wanted to remain together. And there were two other 25

districts that reached out to us. There were two other associations that reached out to us and expressed they wanted to keep their communities together.

I didn't specifically, myself, look at where they were located on the map or what districts they were in, but anyone reaching out, I did share it with the attorneys that, oh, gee, this person, we've got an e-mail from, and they've expressed that their -- you know, they would like to keep their community together.

So I can't say if it was Flagami because they may not refer to themselves that way. I don't know. They may or they may not.

- Q. But to be clear, you can't say one way or another whether anybody from that area came to you and said, "Please -- please unite these two areas into one district"?
 - A. I can't, no.
- Q. Was the South Dade NAACP happy with the way the plaintiffs drew District 5 in this matter?
 - A. In P-1, plaintiffs' map?
 - O. Yes.

- Q. So when the South Dade NAACP sent a letter to Commissioner King, who's the commissioner in District 5, that you'd be monitoring the -- the process, you would have been fine if this was the map imposed by the court?
- A. I wouldn't have -- I don't know that we would have necessarily have had an objection. At the time I was looking at Map 1, I was also looking at an optional Map 2.
- Q. What is your understanding of Commissioner King's thoughts on this version of District 5?
 - A. She was not happy.
- Q. Did she let the South Dade NAACP know that she was not happy?
 - A. Not personally. She made a statement publicly.

- Q. And parts of downtown are split between three districts?
- A. Well, I think it depends upon how you view the community. We said "communities," so in -- in looking at some of the communities, while you might identify an area by a broader name, input from smaller areas within a particular name are not necessarily identified on here to say whether that's a community that's being kept together or not.
- Q. Can you provide an example of what you're discussing?
- A. Okay. If you said District 2 and whether it's being split, but there are a whole host of communities going up the coast, so sometimes we identify the smaller communities in trying to keep them together.

So if I start on the west -- on the southwest end, Silver Bluff was put back into District -- whatever the purple one is -- District 3, and all of Silver Bluff was put back in there along with Shenandoah, which is an area that's identified as a community. So people think of Shenandoah, and then you've got the roads in there.

- Q. And when you say "put back in," are you referring to changes from --
- A. There were changes -- the changes on the lines, the district line, yeah.
 - Q. Between Maps 1 and 2? That looks like it's --

- A. I -- I don't know if Silver Bluff has been historically in District 4. There were times when Silver Bluff -- we would have thought of it as District 2, but obviously in conversation, as people start to identify themselves -- so that's why I'm saying when you've been around for so long, every community has been someplace, in our -- in my mind.
- So, therefore, when we're talking about it, we usually have dialogue around "Oh, well, no. They're considered over there now," and some of this area wasn't even called some of the names that you have here.
 - O. Uh-huh.
- A. An example: Like, the Silver Bluff was kind of newer to some of us because we used to call it an area called "Sweeting Town". So then they said no, but they

- changed the name of it and this and that. "Oh, really, that's what that is?" That kind of conversation would take place.
- Q. And those lines get moved regularly in every census because of the population changes; correct?
- A. I would have -- I don't -- I can't say that because this is my first time having to work this closely with this process. But that is my understanding. But this is my first time having to go through this exercise.

I do. 21 Is this the map that you discussed with the Ο. 2.2 South Dade NAACP board? 23 Α. I discussed this map with -- with Brad, yes. 24 Did you discuss it with the other board 0. 2.5 members?

Page 69 Some of them; not all of them. 1 Α. Ο. And what was the nature of those discussions? 3 We were going back in to rectify, after our Α. discussions with North Dade branch, areas that had been 4 5 historically a part of Overtown. And so is this map an effort to include more of 6 7 the historic Black area of Overtown in District 5? Based upon the discussions with the community. 8 Α. 9 We had a town hall meeting with them. 10 Ο. When was that town hall meeting? 11 You're asking me for a date? Α. 12 Roughly. Q. 13 Α. Hmm. Let's see. The town hall meeting with 14 Overtown -- I don't know. It's on my calendar. 15 Ο. Who organized the town hall meeting? 16 Daniella. Α. 17 And who is Daniella? Q. 18 The president for the North Dade branch. Α. 19 And did she invite the South Dade branch up for Ο. 20 that meeting? 21 Α. Yes, she did. 2.2 Ο. And where was that meeting held? Off of Northwest 3rd and -- it was held at one 23 Α. 24 of their community centers that's a part of a church. What's Daniella's last name? 25 O.

A. Daniella Pierre.

- Q. How was this town hall publicized?
- A. A flyer went out. Notices went out. They handled the distribution on their end, and we received a copy of the flyer and notification that they were having the meeting.
- Q. Did you distribute the flyer notifications to your members?
- A. I'm going to say yes. Yes, because those two newsletters were attached. Yes, it did go -- go out.
- Q. And how did those communications get sent to your members?
 - A. Constant Contact.
 - O. Is that like a software or kind of --
- A. It's like a software, yeah. It's like -- yes, it's a software. And -- and then flyers and any information, we send it to the -- to the chapter secretary, and they take care of distributing it.
- Q. So does the chapter secretary maintain an e-mailing list?
- A. I don't know if it's attached to national or not. So I don't know. I don't know how it is distributed. But it goes -- the distribution goes out and it comes via e-mail.
 - Q. Okay. Other than this town hall meeting, were

there other town hall meetings that were held?

- A. Yes. We had a town hall meeting with Ken Russell. We had a town hall meeting with GRACE. There was a -- one Grove rally and meeting that was publicized communitywide. Those -- those were the -- those were the town hall meetings.
- Q. Okay. Going back to the town hall meeting with the Miami-Dade NAACP that was organized by Daniella Pierre, was that before or after the 2022 plan?
 - A. After.

- Q. Okay. Was that before or after the plaintiffs had presented Maps 1 and 2 to the City for consideration?
 - A. After.
- Q. So if I understood correctly, then, from a sequence, it would have been before Map 3 was presented but after Maps 1 and 2 were presented; is that correct?
- A. Let me think of the timing there. No, it would have to be after 3 because we took into account community input. We had already gotten the commissioner's comments about Overtown being broader. We discussed how Overtown used to look -- I would have to say it's after.
- Q. Okay. You -- you mentioned Commissioner King's comments about Overtown being broader. Can you explain

Page 72 1 that. She just felt her area had been split. That Overtown -- that Overtown had been split. 3 Uh-huh. 4 Ο. 5 And -- and that generated conversation around old Overtown versus new Overtown. So for those of us 6 7 that have been around since the beginning of time, we know how these communities used to look. 8 9 0. Uh-huh. 10 And was there universal agreement on what 11 constitutes Overtown? 12 Α. Once we came together with the community. 13 community started pointing out where things were, where 14 lines were drawn, and -- and they provided their input. 15 Ο. Okay. And so that community meeting would have 16 been, then, after Map 3, if I understood what you were 17 testifying there? 18 Α. I believe so. I mean, we had already started 19 to gather data on what the community perceived to still 20 be Overtown. 21 (Defendant's Exhibit Number 82-37, Map 4, was 2.2 marked for Identification.) 23 BY MR. Page 73 MR. MERKEN: Thank you. 1 2. BY MR. LEVESQUE: 3 Looking at Map 4, do you recognize Map 4? Ο. I do, uh-huh. 4 Α. 5 In looking at the configuration of District 5, does this reflect that community consensus over what the 6 7 borders of Overtown were? It does. Because they talked about those roads 8 Α. that went over on the other side of where some 9 10 construction and stuff had been done. 11 Uh-huh. O. 12 It does. It reflects it, uh-huh. Α. 13 O. Are you aware that Commissioner King wanted areas south of that area of Overtown in her district as 14 well? 15 16 She expressed it verbally. Not at this 17 meeting, but I heard her say that before, uh-huh. Okay. Was she at the meeting where there were 18 Q. 19 discussions of -- the town hall meeting where there were 20 discussions of Overtown? 21 She wasn't, uh-uh. Α. 2.2 Ο. Do you know if she was invited? Yes. I know she was invited. I'm not sure 23 Α. where she was, but --24 Did anybody from her office come to that 2.5 O.

Page 74 1 meeting? Α. I don't know. 3 Ο. Do you know if she agreed with the borders of Overtown here? 4 5 She's not had that discussion with me. She may Α. have with Daniella. 6 7 Q. Okay. We didn't hear any negative feedback from her 8 Α. 9 after. 10 Do you know if she had any discussions with Ο. 11 anyone from the South Dade NAACP regarding the 12 configuration of District 5 in Map 4? 13 Α. I -- no, I don't. It was not indicated to me 14 that anybody spoke with her. 15 Now, in plaintiffs' Maps 2, 3, and 4, they 16 include a significant portion of areas like Silver Bluff 17 in all of their plans into District 3. 18 Α. Uh-huh. 19 Where those areas had never ever been in District 3 before. 20 21 Do you see that? 2.2 Α. Okay. Let me look at your other maps. 23 Okay. 24 Ο. Now, would you agree that historically Silver Bluff has either been in District 2 or split between 25

Page 75 District 2 and 4; correct? 1 Α. Historically. 3 Ο. Historically? 4 Α. Yes. 5 Just like Coconut Grove has historically only Ο. been in District 2; correct? 6 7 Α. Correct. Do you know why it would be a good idea to 8 Ο. 9 place an area that's never been in District 3 in 10 District 3? 11 Not really. Unless it was one of the requests Α. 12 that was being made by one of the commissioners as a 13 part of those discussions. They did discuss extensively 14 areas that they wanted in their districts that they felt were preferred to be in their districts. From the 15 16 various meetings we had, they constantly talked about 17 areas that they would like in their districts. 18 Q. When you're talking about the commissioners 19 talking about areas that they want in their districts, 20 was that a part of the plaintiffs' development -- of 21 plaintiffs' Maps 1, 2, 3, and 4, or was it a part of the 2.2 process that resulted in either the 2022 plan or the 23 2023 plan? 2.4 MR. MERKEN: Objection to the extent it calls for privileged conversations with counsel. 25

Page 76 1 So don't mention anything privileged. 2. BY MR. LEVESQUE: 3 Well, let me break up the question some. Ο. Has the South Dade NAACP participated in any 4 5 discussions with any commissioner about the drawing of 6 any of the plaintiffs' maps? 7 Α. Directly? Yes. Any commissioner. 8 Q. 9 Α. Other than myself? 10 But anybody from the -- anybody from the South Ο. 11 Dade NAACP, did you -- did anybody from the South Dade 12 NAACP discuss plaintiffs' Plan 1 with any commissioner? 13 Α. No. 14 Did anybody from the South Dade NAACP discuss 15 plaintiffs' Plan 2 with any commissioner? 16 Well, before I say no, I can't speak for every 17 member of the NAACP and whether they spoke to anyone. 18 So I didn't. 19 Okay. So as -- let me frame it this way. Ο. 20 As you sit here today, you're not aware of 21 anyone from the South Dade NAACP speaking with any 2.2 commissioner about Plan 1? 23 Α. No. And same question for Plan 2. As you sit here 24 Ο.

today, you're not aware of anyone from the South Dade

25

Page 77 NAACP speaking with any commissioner related to Plan 2? 1 Α. Correct. And would the same also be the case for Plan 3 3 Ο. and Plan 4? 4 5 Α. Plans 3 and 4? Hmm. I don't believe so. Are you aware of anyone telling the South Dade 6 Ο. 7 NAACP that they wanted Silver Bluff to be kept whole in District 3? 8 Α. No. 10 Are you aware of anyone expressing a desire to Q. 11 have Little Havana split between District 1 and District 12 3? 13 Α. A commissioner or somebody from NAACP? 14 Well, somebody that expressed that desire to 0. 15 the NAACP. 16 Not that I'm aware of. Α. 17 And in looking at all of the plaintiffs' maps, Q. 18 you would agree that the maps generally are likely to 19 perform where you have three Hispanic districts and a 20 Black district; is that accurate? 21 Α. What do you mean "perform"? 2.2 Ο. Fair question. 23 In looking at Districts 1, 3, 4, and 5, in 24 every map those districts are likely to elect three 2.5 Hispanic candidates and one Black candidate. Would you

Page 78 agree with that? 1 Α. Yes. 3 And that's true in all of plaintiffs' plans; Ο. 4 correct? 5 Α. Yes. And it's also true in all of defendant's plans; 6 Ο. 7 correct? And that's a poor question. Let me break that down. 8 9 That's true in the 2022 plan that was passed by 10 the city commission; correct? 11 Α. Yes. 12 And it's also true of the 2023 plan that was Ο. 13 passed by the commission this year; correct? 14 I guess I can look at what the City has on it. 15 Let me look at '23 again. 16 This one is '23? 17 I apologize. Q. 18 Α. A third of '21. 2, 3, 4. 19 It would be one that looks like this. Ο. 20 Α. Okay. 21 Okay. So now what was the question about this 2.2 one? That is also likely to elect three Hispanic 23 Ο. 24 representatives and a Black representative for Districts 1, 3, 4, and 5, respectively? 25

Page 79 1 Hmm. Possibly. Α. (Defendant's Exhibit Number 24-33, Affidavit, was marked for Identification.) 3 BY MR. LEVESOUE: 4 5 Okay. Ms. Donaldson, I'm going to show you what we are going to mark as Defendant's Exhibit 24-33. 6 7 MR. MERKEN: Thank you. BY MR. LEVESQUE: 8 Ο. Ms. Donaldson, do you recognize that document? 10 Α. Yes. 11 Now, you are not a party to this litigation, O. 12 are you, personally? 13 Α. No. How did it come that you would be completing 14 Ο. this affidavit -- this declaration? 15 16 We were in the midst of transitioning 17 presidents -- or chairs. So I was the acting chair as the vice-chair of this organization. 18 19 Okay. And who is currently the chair of that Q. 20 organization? 21 Α. Reynold Martin. 2.2 Ο. Is he the official chair or is he an acting chair as well? 23 2.4 He's an official chair now, uh-huh. Α. Okay. Do you know if Mr. Martin testified to 2.5 Q.

Page 80 the City? 1 Α. With -- you mean, has he ever spoken at city hall? 3 Yeah, fair point. Again, bad question on my 4 Ο. 5 part. Do you know if Mr. Martin ever testified on 6 7 behalf of the Grove Rights and Community Equity organization related to the redistricting plans 8 9 considered by the City? 10 Α. I don't know. 11 Have you attended city commission meetings with Ο. 12 Mr. Martin? 13 Α. Yes. In this declaration, you indicate that GRACE 14 15 members live principally in the city commission 16 Districts 2 and 4. 17 What is your basis for that assertion? The basis for that assertion is I've had to 18 Α. 19 complete documents indicating where the various board 20 members lived. 21 And so in terms of the 2022 plan that this map 2.2 or this declaration would be addressing, what members live in District 2? 23 2.4 What members live in District 2 of the board Α. 2.5 members?

- O. Yeah. Board members are fine.
- A. Clarice Cooper. John Chambers. Let's see who lives in District 2. Let's see. As I was looking at it for the 2022 -- they're the two that live there. The others represent organizations in District 2.
- Q. Okay. And what board members reside in District 4?
- A. There isn't a board member residing in District 4.
- Q. Is there another member that you're aware of that resides in District 4?
- A. I believe there is a member that resides in District 4.
 - O. Do you know who that member is?
 - A. I -- I don't, right offhand.
- Q. Do you know what area or address they live in, in District 4?
 - A. It's right here along this US 1 corridor. I don't. I don't want to guess on -- because I don't necessarily know exactly where people live.
 - Q. Okay. And if we wanted to figure out what members -- what members of GRACE live in District 4, what would be the best way to do that?
- A. We would have to ask them their addresses. We don't keep a roster.

 Yeah, not at this point in time. They would not be able
 to.
- Q. In paragraph 6 on page 2, you see "GRACE is deeply concerned by this new city commission's map division of the West Grove into Districts 2 and 4."

Is it fair to say, because you've never discussed the 2023 map with your board, you don't know if your board still feels the same way about the 2023 plan?

- A. No. You're asking me the board of GRACE or the board of the NAACP?

 - A. Oh, okay. That's true, yes.
- Q. And when you executed this declaration, you didn't do it on behalf of the NAACP. You did it on behalf of GRACE; correct?
- 24 A. That's correct.
 - Q. Now, in this, you say, "The West Grove has a

deep connection to the rest of Coconut Grove."

What is the deep connection?

- A. We all grew up -- not we all. Most of us grew up in Coconut Grove. Went to school in The Grove. Most of us worship in The Grove. Still serve on the boards of our churches or are in other leadership roles of our churches in The Grove. So The Grove's existence is critical to most of us.

 - A. Absolutely.
- Q. And you mentioned a deep connection. And what you seem to describe relates to historical areas and geography. Would that be fair?
- A. Historical and geography? I would add to that some of our parents still live there. Our relatives still live there. Some people have -- children were born there in The Grove. It's deeper than geographic.
- Q. Well, what I'm trying to sort of flesh out is when you're talking about those connections --
 - A. Uh-huh.
- Q. -- the way the sentence is framed is you have "the West Grove has a deep connection to the rest of

Coconut Grove." And I guess -- what wasn't clear from your answer when you were providing those types of examples, are all of those things going on all over Coconut Grove or are they going on primarily in West Grove, and am I missing the connection of what's going on with the rest of Coconut Grove?

- A. Okay. Okay. There are things going on throughout the entire Grove. The separation into regions within The Grove are more recent. We only thought of The Grove as The Grove. Growing up, it was The Grove. You didn't have East, West, North, South. We were The Grove.

A. It wasn't until I came back professionally and had retired that I realized it was West Grove.

So our ties and cultural roots are throughout
The Grove, as Bahamians and non-Bahamians that came here
and built The Grove. So -- and the Black population was
the workers in The Grove. So we have a different -- our
attachment and our ties. So irrespective of the
gentrification, our attachment is to The Grove.

Q. I probably should have asked this earlier and I apologize.

Can you describe for me your background.

You've mentioned Bahamian, Black. Sometimes there's a

Page 85 difference. 1 Α. Okay. 3 And just describe your heritage a little bit 0. for me. 4 5 Well, my heritage -- my family is a part of Α. Blacks that migrated from the Deep South, Georgia and 6 7 the Carolinas, running from slavery --Ο. Uh-huh. 8 9 -- to South Florida and settling in The Grove 10 and having been there for many, many years. So I'm not 11 of Bahamian descent. 12 Okay. And so both of your parents, then, Q. 13 emigrated from Southern Georgia? 14 My -- my dad from Georgia -- my dad is from Α. 15 Cairo. 16 O. Okay. 17 And my mom is from Wilmington --Α. 18 Q. Okay. 19 -- North Carolina. And Flagler and the Α. 20 railroad, and my grandfather --21 In paragraph 8, you state that "GRACE is 2.2 especially concerned that the West Grove, and Coconut 23 Grove more broadly, were split into different districts 24 to achieve a particular desired racial balance over 2.5 different districts."

What particular desired racial balance are you referring to?

- A. Well, in each of the districts, if the racial statistics -- and I don't know what they were because I did not focus a lot on that, but I certainly would think the -- our assumption was this would put a certain number of Blacks in each one of the districts if we were split.
- Q. And do you believe that was the intent of the city commission, to split Blacks into three different districts?
- A. I don't necessarily know the intent of what the commission was doing. Oftentimes, it just didn't make sense. But it appeared to be a concerted effort to split The Grove.
- Q. Well, again, back to -- you talk about a "particular desired racial balance." What is the racial balance that you were referencing?
- A. I didn't do numbers to get to that statement, but I personally felt that this might be needing some -- some -- I don't know. For lack of other words, quota or whatever, because they kept -- the guys talked about -- the grandee talked about a lot of numbers.

And I didn't go in depth into the numbers, but I knew that they needed to split the numbers up, and

- Q. Do you have any understanding as it relates to District 2 whether plaintiffs' plans have a higher or lower white voting-age population in District 2 than the 2023 enacted plan?

- Q. When you say, "We were focused on keeping communities together," to be clear, you didn't draw the map?

Q. In paragraph 9, you say that "The racial gerrymander of the recently enacted city commission map unfairly classifies Miami residents and GRACE members on the basis of race."

First, let me ask -- and I don't mean it to be a silly question. Is there a fair way to classify people on the basis of race?

- A. I don't know. Possibly. Possibly.
- Q. All right. For your statement, what was unfair about the way the city commission drew the city districts?
- A. I felt per my discussion -- am I talking for NAACP or am I talking about GRACE?
- Q. For that particular question, I'm just asking you.
 - A. Oh, just asking me?
 - Q. Yes, ma'am.
- A. I just felt that there were certainly some natural lines and breaks within the city that kept more communities together and could keep communities together. So that was the question we were asking. We didn't have the answer when we started the questions,

Veritext Legal Solutions

Page 89 but we said, "Is there a possibility that you can do 1 that?" 3 In any of your discussions about the map, Ο. either on behalf of the South Dade NAACP or involving 4 5 GRACE, was there any discussion about orienting or trying to change the political makeup of the commission? 6 7 Change the political makeup? I'm not exactly Α. sure what you're asking me. 8 9 Ο. Would you agree that the three Hispanic 10 commissioners tend to identify as conservative-leaning 11 in their politics? 12 Α. As being conservative in their politics? 13 Ο. Yes, ma'am. 14 They often vote together on issues. 15 Ο. Okay. Are they often at odds with the 16 commissioner from District 2? 17 Α. More likely than not. And that would have been true of both 18 Ο. 19 Commissioner Russell as well as true for Commissioner 20 Covo; correct? 21 Α. She's new. 2.2 Ο. Has it also been a trend that carried on with Commissioner Covo? 2.3 2.4 Α. Yes. 25 0. So I guess, again, in that vein, was there any

- discussion about drawing the maps in a way that might result in different Hispanic commissioners?
 - A. We didn't discuss drawing it to get a different Hispanic commissioner.
 - Q. Are you aware of other entities or organizations that discussed that?
 - A. Not -- not with me there. I can't say what they discussed when I wasn't there.
 - Q. Sure.

 - Q. Okay. Was that one of the motivating purposes behind significantly reorganizing the Hispanic districts?
 - A. Not for -- not for GRACE or the NAACP.

Ms. Donaldson, have you seen this document before?

- A. Yes.
- Q. And it's my understanding that this is the declaration of Harold Ford on -- as president of the South Dade branch of the NAACP. Is my understanding of that correct?
 - A. Yes, that's correct.
- Q. Now, on behalf of the NAACP, one of the issues that Mr. Ford identified in paragraph 8 was that the commission map makes it harder for the South Dade NAACP itself to advocate before the city commission. And the example that he provided was that organizing in a specific neighborhood, for example, may require interfacing with several commissioners whose districts cut across those neighborhoods; not just Coconut Grove but also Flagami, Little Havana, and others.

Now, we looked at the historical maps, and Flagami has always been split between District 1 and Districts -- District 4. Would you agree with that?

- A. I think that's what we saw, yes.
- Q. And, again, you're not aware of anybody articulating to the South Dade NAACP that that was a challenge for the folks in Flagami?

- A. No, not to my knowledge.
- Q. Okay. Would you agree that sometimes some commissioners are just generally more -- more responsive to their constituents than other commissioners?
 - A. That's been my observation, yes.
- Q. And sometimes that might be less because of who elected them but more because of just who the commissioner is as a person. Would you agree with that?
 - A. That's possible.
- Q. So it would also be possible that if Coconut Grove was split between three commissioners and all the commissioners cared about them, they could be very well taken care of. Wouldn't you agree?
 - A. Unlikely.
 - Q. But it's possible?
 - A. Slightly possible.
- Q. Okay. Are you aware of any research or economic studies that would support the idea that those types of arrangements make it less possible versus more possible?
 - A. I'm not aware of any.
- Q. Did the issues that are being faced by the folks in the West Grove, are those issues the same type of issues that people in the North Grove are battling with?

Page 94 Some. Not all. 1 Α. 2. O. Okay. What are some of the issues that are the 3 same? Overdevelopment --4 Α. 5 Okay. Ο. -- is an issue for everybody. The eclectic 6 Α. 7 nature of the community is an issue for us all. We're losing that uniqueness about The Grove. 8 9 Ο. What are other areas that are the same? 10 Financially, they definitely are not the same. Α. 11 Not the same. 12 We'll get to the "not the same." So let's just Q. 13 stay on the ones that are the same. 14 Α. Okav. Let's see. Traffic is overbearing 15 throughout The Grove. We're looking for the ones that 16 are the same? 17 Q. Yes, ma'am. 18 Those are three that come to mind. Traffic, Α. 19 overdevelopment. 20 Well, let me ask you about those three that Q. 21 you've identified so far. 2.2 Overdevelopment, is that something that's 23 unique to just the folks in Coconut Grove, or is that a 24 broader problem that the entirety of the city of Miami's 2.5 probably experiencing?

- A. It's a broader problem. It's just that when you have a small area, it exacerbates the issue.
- Q. And are there other areas of Miami that are also struggling to maintain the eclectic nature of their individual neighborhood?
- A. There are other communities that are suffering with gentrification. I -- I don't know of any of the others that have -- would be close in the lifestyle within The Grove.
- Q. And that's the nature of being a unique and eclectic area?
- A. Right. Right. Yeah. So I -- none -- none are coming to mind, really.
- Q. And I'm not suggesting that they are exactly like The Grove just 20 miles north of here or something like that.
 - A. Right. Right.
- Q. Even the ones that are north of here, like the Design District, have their own character --
- A. Have their -- Design District has their own character. Morningside has its own character. I mean, Biscayne has just become high-rises and stuff, so, you know --
 - O. Which --
 - A. It has no character.

- Q. And lots of areas in the city of Miami have traffic problems too, don't they?

Q. Now, some of the areas that you identified that were -- that were different, one was financially, you mentioned.

What do you mean by that?

A. You have extremely wealthy folks in The Grove and extremely poor in The Grove. Housing, you have enormous mansions on one side, and you have shacks on the other.

Let's see. What are some other things? You have development -- positive development on one side, and you have degrading structures and slumlord areas on another side.

- Q. And just so we're clear, those wealthier areas that you're talking about, those aren't in the West Grove, are they?
- A. Well, that's some of the changing dynamics. So you have a dynamic where some of the wealthy have

decided that it's attractive to gentrify the West Grove because, you know, West Grove is high land, so it's addressing those individuals that can't any longer be on the water, and at five stories, you get Bayview and Ocean View if you're in the West Grove.

O. Uh-huh.

- A. And most of our buildings are no higher than three stories.
 - O. Uh-huh.
- A. So guess what? Condemn them and tear them down, and that's what developers are trying to find every reason to get around the system to do that, which is part of the reason it was -- we've named it a historic district --
 - O. Uh-huh.
- A. -- historic corridor, put in an NCD 2, a CRA that I talked about. So lots -- lots of things are -- happen to protect that. It's the oldest community in the city of Miami. Older than the city of Miami.
- Q. But that sounds from your description and what you see happening that not everybody on the north side is agreeing with what you want to accomplish in terms of preserving the West Grove.
 - Did I understand that correctly?
 - A. Not everyone. But more locals think more

Page 98 similar than dissimilar. But that doesn't change how a 1 2. developer views it. And a developer is not necessarily 3 who we would consider family. Is it possible that there might be people in 4 Ο. 5 the North Grove that might consider the developer 6 family? 7 Α. Oh, absolutely. 8 Ο. Okay. Α. Oh, yeah. There's always a snake in the grass. 10 I don't know if I would say that. Ο. 11 I call it the way I see it. Α. 12 MR. LEVESQUE: Ms. Donaldson, I don't think I 13 have any more questions at this time. 14 THE WITNESS: Okav. 15 MR. LEVESQUE: Your counsel may. 16 MR. MERKEN: May we take five minutes to --17 MR. Page 99 1 NAACP branch. Do you remember that? 3 Α. Yes. Why did you make that decision? 4 5 Because at that point, it had already gone to a 6 higher court, and so I did not see the need for doing any more in-depth discussion with the board as it 7 relates to it because that's the map that was going to 8 be used. It's a very short window for Miami. They're on off-years for their election, and we went immediately 10 11 into identifying candidates and folks that were going to 12 be moving in for the election that will take place in 13 November. Less than three weeks now. 14 Was there any overlapping harm between the 2023 Ο. 15 map and the 2022 map that you identified? 16 Overlapping harm? Α. 17 Caused by the two maps. Q. 18 Well, in the 2023 map, more of District 2 has Α. 19 been carved out to be a part of District 3 of this 20 upcoming election. I want to ask you about the two declarations we 21 2.2 discussed. The first is your declaration, which is Exhibit 24-33. 23 2.4 Do you have that declaration? 25 Α. Let me see. 24-33, yes.

- Q. On whose behalf is that declaration made?

 A. GRACE.

 On and then I want to ask you about the
- Q. And then I want to ask you about the declaration of Harold Ford, which is Document -- excuse me -- Exhibit 24-35.

- O. And on whose behalf was that declaration made?
- A. South Dade NAACP.
- Q. Do you remember Mr. Levesque asking you some questions about your declaration, Exhibit 24-33?
 - A. Yes.
- Q. The testimony that you gave in that declaration and your statement today about that, who -- on whose behalf would those -- strike that.

To whom would those statements be attributed?

- A. You mean me speaking to GRACE?
- Q. It's a bad question. I apologize.

The testimony that you gave today regarding your declaration --

- A. Yes.
- Q. -- to whom would that testimony be attributed?
- 23 A. To me.
- Q. And was Mr. Ford's declaration the only declaration submitted on behalf of the South Dade NAACP?

Page 101 Harold Ford? 1 Α. 2. Q. Yes. 3 That was the only declaration submitted on behalf of the NAACP? 4 5 Α. That's correct. On behalf of the South Dade branch of the 6 Ο. 7 NAACP? 8 A. South Dade branch, yes. 9 Just briefly turning back to the two maps, the 0. 10 2023 and 2022 maps. How similar do you believe those 11 two maps are? 12 Α. They are -- they're similar. 13 MR. MERKEN: I have nothing further. Thank 14 you. 15 REDIRECT EXAMINATION 16 BY MR. LEVESOUE: 17 Ms. Donaldson, I've just got a few follow-ups. Q. 18 You were asked about your personal opinion as 19 to whether in the 2023 map -- I believe you indicated 20 that more of District 2 was carved into or put into 21 District 3; is that correct? 2.2 Α. Yes. 23 That's your personal opinion; correct? Ο. 24 Α. Well, as I look at the two maps, it appears 2.5 that way to me.

Page 102 1 Right. Q. 2. But that's not the opinion of the South Dade 3 They've -- they've never taken the position --NAACP. you've never presented the 2023 map to the board, have 4 5 you? MR. MERKEN: Objection. 6 Form. 7 BY MR. LEVESQUE: I'll withdraw the question. I'll rephrase. 8 Ο. 9 You testified earlier that you never shared the 10 2023 map with the South Dade NAACP; correct? 11 Α. Correct. 12 And you also testified, because of that, you're Q. 13 not able to say what their objections are; correct? Α. 14 Correct. 15 In your declaration, you identified yourself as Ο. 16 being a member of GRACE; correct? 17 Α. Yes. And you yourself are not a resident of the 18 city; correct? 19 20 Α. That's correct. 21 MR. LEVESQUE: No further questions. 2.2 MR. MERKEN: We're good. 23 MR. LEVESQUE: Okay. 24 (Thereupon, the deposition was concluded at 2.5 4:30 p.m.)
